Set up instructions

Contents

1 x head unit
(green for waterbutt,
yellow for mains)

10 or 15 x pegs
(1 x peg per metre
of irrigation pipe)

5m non-drip pipe

10m irrigation pipe
OR

15m irrigation pipe

Setting up

- Push the open end of your non-drip pipe onto the underside of the Click & Drip head unit. If you are using a timer, push the non-drip pipe onto the 6mm connector on the bottom end of the unit.
- Click the head connector onto your mains tap or waterbutt (you need to screw the green nipple onto your mains tap first).
- Push the connector at the end of your irrigation pipe into the end of the non-drip pipe.
- Unravel the irrigation pipe and place in your soil. We recommend the pipe should be looped/spaced 30cm apart, appropriate to the position of your plants.
- Mains drip rate = 1 litre per hour per drip hole.
Waterbutt drip rate = 180ml per hour per drip hole.

Top Tip:

If you find that you need more non-drip pipe to reach from your tap to the area you want to water you can order additional lengths. Each length of non-drip pipe includes all necessary connectors.

Top Tip:

Ensure that all components are tightly connected to prevent leaks during watering. Both the 5m non-drip pipe and your irrigation pipe can be cut shorter to suit your needs. Keep the off-cuts as these can be used in future by using our connectors.

Add-on options

Water more than one raised bed or a larger area by adding our Easy-Fit options.

- Water timer – you can fully automate your Click & Drip with our water timer.
- 10m irrigation pipe – each length of Easy-Fit irrigation pipe includes two connectors and a stopper.
- 5m non-drip pipe – each length of non-drip includes two connectors.
- Easy-Fit Extras Kit:
 - 3x T Connectors – connect to irrigation pipe or non-drip to take water in different directions
 - 3x Stoppers – place at the end of the irrigation pipe
 - 3x Pipe connectors – connects separate lengths of pipe

Any Questions? Contact our Gardening Angels

We are here to help you to get the best from your plants, so if you have any questions about your Click & Drip or the plants you are growing feel free to contact one of our Gardening Angels on.
